

## IAA Buyer Fees

A Buyer Fee is charged for each vehicle sold. Other fees such as Online and Service fees, etc. may also apply. Additional fees apply for Public and Non-Dealers. Please contact your local branch for details.

### **IAA has three different fee schedules:**

1. High Volume Fees\*
2. Standard Fees†
3. Public Buyer Fees

IAA buyer fees are calculated based on final sale price, license type, and volume of inventory purchased on a rolling 12-month basis. IAA buyer fee structures are broken down by volume purchased and segment – Dealer and Public.

**\*High Volume Fee** schedule applies to buyers with a business license on file AND 12 or more units purchased in the past 12 months.

**†Standard Volume Fee** schedule applies to buyers with a business license on file AND with 11 or fewer units purchased in the past 12 months.

The buyer fee schedule is only available to buyers who are logged-in to [ca.iaai.com](https://ca.iaai.com). It is the sole responsibility of each buyer to verify fees charged by any IAA branch prior to incurring such charges. All fees are subject to change and buyers shall confirm the applicable fee before incurring such charges.

\*\*Vehicle Pull Service is not offered at Manitoba Public Insurance and Saskatchewan Government Insurance sites and Pull Fees do not apply.

Registration fee – Dealer: \$100 | Public/Non-Dealer: \$200

Annual Renewal fee – Dealer: \$50 | Public/Non-Dealer: \$100

CARFAX Canada Vehicle History Report – Effective 1<sup>st</sup> December 2023 - \$37.60 (\$57.60 in B.C.)

IAA will add a 1% Digital Sales Fee (Min \$5, Max \$50) starting Sept. 26, 2024.

*Not applicable to MPI or SGI sales.*
